

Professional desktop mono printing for the individual

In our experience, simplicity equals reliability. And that's what you can expect from the B410 - a robust, simple design with ultra-reliable digital LED technology for monochrome printing with absolute confidence.

Combine that with intelligent design and a range of handy utilities you'll see why OKI printers just keep on printing, page after page and day after day. They're just what you need for a busy office.

Everything you need

As you would expect from OKI, the B410 gives you everything you need from a desktop printer. The B410d is ideal for dependable personal printing. It features a top resolution of 2400 x 600dpi, an input capacity that can be expanded to almost 800 sheets and toner cartridges up to 3,500 pages. The B410dn offers the same features as the B410d but is networked.

What's more, each model comes with automatic two-sided printing as standard, saving paper and reducing costs.

Easy to live with

Every B410 model has that famous OKI ease of use. A front-facing LCD display gives clear, at-a-glance status information, the toner cartridge can be replaced in moments (it's the same with the paper), and there's a whole suite of powerful productivity software to make life in the office easier than ever. And that's OKI. Reliable, high quality printers that everyone in the office can depend upon.

Dependable performance

Regardless of which model you choose, you'll find that the first page appears in just 5.5 seconds and the rest follow at an impressive 28 pages per minute (ppm) - speeds you can be confident of, thanks to a powerful processor and a generous memory that's expandable right the way up to 288MB.

Powerful productivity software

The B410 models are complimented with useful utilities to help you get even more value from these reliable desktop printers:

- Print Control - for tracking usage and controlling access for tighter cost control.
- PrintSuperVision - browser-based monitoring and management of all your network printers, regardless of make or model.
- Template Manager 3.0 - editable, easy to use templates for creating a wide range of office documents.

THE B410 FEATURES AT A GLANCE

| | B410d | B410dn |
|-----------------------|---|--------|
| Print speed (A4) | 28ppm | |
| Paper capacity | 250 sheets of 80gsm | |
| Paper sizes | A4, A5, A6, B5, Letter, Legal 13 & 14, Executive, Statement | |
| Resolution | 2400 x 600dpi | |

¹Check local OKI Printing Solutions website for latest driver releases & OS Compatibility

²Includes all consumables

Consumables Information: For the protection of your printer, and in order to ensure that you benefit from its full functionality, this model has been designed to operate only with genuine OKI Printing Solutions toner cartridges. These can be identified by the OKI trademark. Any other toner cartridge may not operate at all, even if it is described as "compatible", and if it does work, your printer's performance and print quality may be degraded.

| Description | Life* (pages) | Order Numbers |
|-------------|---------------|---------------|
| Black toner | 3,500 | 43979103 |
| Image Drum | 20,000 | 43979003 |

*All toners: A4 pages yield compliant with ISO/IEC 19752. Printer shipped with 1500 pages yield compliant with ISO/IEC 19752.

All Drums: Continuous print.
